GENERAL REQUIREMENTS FOR ACADEMIC MAJORS AND MINORS
The University's individual departments have set forth requirements that must be met in order to complete a major in a given area of study. For specific major requirements, students should consult the appropriate departmental section of this catalog and their academic advisors.

Each major and minor has its own minimum number of required hours. To fulfill a major generally involves a minimum of 36 credit hours of course work. To earn a minor in a subject, a minimum of 18 semester hours, according to departmental specifications, must be met. For courses completed outside the major or minor, an overall grade point average of "C" is necessary for graduation. PSYC 305 and HUEC 203 are similar courses, taught in different departments for their majors. Students may have credit for one or the other but not both courses.

MAJOR CORE REQUIREMENTS
A grade of "C" or better is required in every course counted toward the major and/or minor.

SUPPORTING AREA REQUIREMENTS
A grade point average of "C" or better is required for the group of courses representing the supportive area requirements.

GENERAL EDUCATION REQUIREMENTS1 (GEN ED CURR AREA)
All students are expected to complete a common body of academic course work. The General Education Requirements are designed to promote the development of a comprehensive educational base which will effectively support a student's choice of a major concentration. Deviations from the General Education Requirements may occur in certain areas owing to specific requirements of the major. Therefore, students should consult with their freshman or departmental advisors when making course selections. See Course Descriptions for descriptions of courses in General Education. Fundamentals courses and MATH 101 do not meet the General Education Requirement and does not apply toward graduation requirements. General Education Requirements are distributed as follows:

Curriculum Area I Arts and Humanities
Students must select ENGL 2032 plus one course in each of two disciplines.

Discipline A: ARTS
