My time in Ecuador showed me how important it is to be culturally sensitive. With this experience, I believe I am more open and understanding in my interactions with people from different backgrounds. Ecuador would not have been possible without the support and guidance of the scholarship program. I am grateful for this opportunity and look forward to applying the knowledge and skills I gained to my future endeavors.
ALISSA MAE STRUNK, TUNISIA

"Studying abroad in Tunisia was a unique experience. I had the opportunity to immerse myself in the culture of the Berber people, who are known for their hospitality and warmth. The Berber language is spoken by fewer than 15 million people worldwide, and it was a privilege to learn it and use it daily. I also had the chance to visit the famous ruins of Carthage, which is a UNESCO World Heritage Site.

Critical Need Language Supplement

In addition to the application, students must submit a Critical Need Language Supplement, which provides evidence of proficiency in the selected language. This is particularly important for students studying critical need languages.

Amada Boucicaut

"Gilman is a completely new and different way to study abroad. It is a great opportunity to explore new places and cultures, and the program is designed to help students develop the skills needed to succeed in the global workforce. I am grateful for the opportunity to study abroad and to be a part of this incredible program."
