GEOSCIENCES BRIDGE PROGRAM

The Geosciences Bridge Program is a collaborative summer program designed to recruit and train high school students, particularly from underrepresented groups, in various geoscience fields. **The collaboration is between the National Oceanographic and Atmospheric Administration's (NOAA) Cooperative Science Centers (CSC).**

The program offers a 6-week **paid internship (\$500/week stipend + housing + meals)** for students planning to pursue careers in a field of geoscience. The program includes lectures, field trips, hands-on activities, 2 courses for college credit (math and freshman seminar), housing, meals, travel to and from the University of Maryland Eastern Shore, and a stipend.

WHO CAN APPLY

Graduating High School seniors who plan to pursue a bachelor's degree in a geoscience discipline; priority is given to students planning to attend a NOAA Cooperative Science Center academic partner.

WHEN

The program will run from July 5-August 10, 2018.

Applications are available at <https://www.umes.edu/geosciences> and are due by April 20, 2018.

WHERE

The program will take place over 6 weeks at the University of Maryland Eastern Shore in Princess Anne, Maryland.

WHY SHOULD I JOIN THE GEOSCIENCES PROGRAM?

- *Gain hands-on experience in several areas of geoscience*
- *Prepare for transition into college life*
