\*According to the PGA Golf Management Policies & Procedures Manual Player Development is **required** for those students that have not passed the PGA Playing Ability Test (PAT). You **must** meet with your Program Director and/or Internship Coordinator on the above scheduled day/date and time. Successful completion of the PAT is a requirement for graduation and is a serious matter for most of you. Player Development will be conducted at Great Hope GC or the UMES Driving Range/Short Game area. Weather is not an excuse for not showing up. If the weather is questionable, call your Director at 803-429-0898 or your Internship Coordinator at 612-812-7744 and meet in the office at your scheduled day/date and time.

**This schedule was put together to help you and is not optional.**
