

## How to Review Quiz/Test Results

Whenever students take a test, or quiz, on Blackboard, their answers never disappear. There are a few easy steps that will lead students back to their results after they have submitted their test. This allows students to study their correct answers, or mistake, and keep track of test questions, they may want to ask their instructors about.

### How to Review Quiz/Test Results

1. Log into Blackboard using your *personal* UMES username and password.
2. Search the **My Courses** section, on the right side of the homepage, and select the course you took the quiz/test for.
3. Click **My Grades**, which is located in the grey directory on the left of the screen.
4. Select the quiz, or test, you would like to review.
5. Click the highlighted number under the **Calculated Grade** column.
6. Review, study, and practice with your results.
7. Click **OK** in the bottom, left corner when you are done.

A screenshot of the 'Calculated Grade' column in Blackboard. The column header is 'Calculated Grade'. Below the header, there are three rows of grades: 4.20, 4.20, and 4.00. A yellow arrow points to the first '4.20' grade.

Calculated Grade
4.20
4.20
4.00

**NOTE:** If there is an error with your grades, always contact your instructor, the Blackboard Help Desk, or the UMES Center for Instructional Technology and Online Learning.
