## “IF YOU WANT TO GET YOUR DREAM JOB YOU NEED A PERFECT INTERVIEW”

### What is Perfect Interview™ ?

Perfect Interview™ is an exciting online tool that students can use to practice and develop their interviewing skills. You will see videos of tough questions from professional interviewers, which you must answer on the spot. A webcam records your answers, so you can see exactly how you will look and sound when you go on the first interview! With Perfect Interview, you can prepare for an interview on your own time, from any location. Also you will be able to video record your answers and send them back to the University Career Center for review. This system will help ensure that you will be ready for entry into the job market? After completing this program, bring your results to the Career Center and meet with a Career Professional. Resumes can also be created for you to bring to the office for review. Make sure to have your resume critiqued.
