

Department of Engineering and Aviation Sciences
(Electrical Engineering and Computer Engineering Specializations)

Senior Design Project Final Presentation

Spring, 2018

10:00 AM – 1:00 PM, May 15th, Tuesday.
Room 1088 (Auditorium) E.A.S.C. Building

**The Design of A High Capacity
Power Supply for Welding
Machines**

Iragena Bangamwabo

**The Design of an Intelligent
Surface Garbage Collecting Boat
for Small Water Bodies**

Mohsin Mehmood & Hafeez T Shittu

**The Design of an Automatic Solar
Cell Debris Removing
System**

Tochi Chukwu & Joshua Orebiyi

**The Design of An Adaptive Motor
Controller with Built in
Microcontroller and I2C Control**

Justin Derickson

This is a Public Event that Opens to Everyone.
