

Greetings to all, my name is Kadajah Felder –Patterson. I am currently a dual degree student majoring in Sociology & Social Work. I think I would be fit for the position as a member- at-large because I have served on committees and served as a president of an organization where I had to explain to my members what the executive board was planning for the organization. I also worked very well at addressing member's problems and making sure they were handled.

I display a great deal of leadership skills as I am currently the School of Arts & Professions most outstanding student. I was a president in a female youth enrichment group, Rubies & Pearls. I served as secretary in the Leo Club in High School. I am also an active member of Phi Kappa Phi, honors society and the Social committee for the School of Arts and Professions. This past summer I had an internship with Veterans Affairs. Interning for them helped me gain more leadership skills, by having bi-weekly career, character and leadership building workshops. I would love to serve as your Member-at Large for 2015-2016 so I can exhibit my skills to my fellow members. Please vote for Kadajah Felder – Patterson as your next Member- At- Larger (2015-2016).
