2. To receive credit towards the required 70 hours, 80 percent (over the span of the 70 hours) of the organization members must participate in the planning, development, and execution of the service.

3. **Organizations will receive credit for the actual service performed and not for the time spent meeting and planning the proposed service.**

The Office of Student Activities will approve credit hours after the donation has been made to the local or nationally sponsored group/organization.
